ACCREDITATION STATEMENT

The CME Institute of Physicians Postgraduate Press, Inc., is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

FACULTY AFFILIATIONS

Erin Michos, MD, MHS
Johns Hopkins School of Medicine
Baltimore, Maryland

Joel Topf, MD, FACP
Beaumont Hospital
Grosse Pointe, MI

FINANCIAL DISCLOSURE

The CME Institute adheres to the Standards for Integrity and Independence in Accredited Continuing Education of the Accreditation Council for Continuing Medical Education (ACCME). Any individuals in a position to control the content of a continuing education activity, including faculty, content developers, reviewers, staff, and others, are required to disclose to learners the presence or absence of any relevant financial relationships with an ACCME-defined ineligible company within the preceding 24 months of the activity. The ACCME defines an “ineligible company” as one whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

The CME Institute has mitigated all relevant conflicts of interest prior to the commencement of the activity. None of the individuals involved in the content have relevant financial relationships with ineligible companies except the following:

Dr Michos has served on the speakers/advisory boards for Astra Zeneca, Bayer, Boehringer Ingelheim, and Novartis.

Dr Topf has received grant/research support from Natera; has received honoraria for speaking/teaching from AstraZeneca; has served on advisory boards for Tricida, Vifor, Cara, Bayer and AstraZeneca.

Michael R. Page, PharmD, RPh
Independent Medical Director/Medical Writer
Plainsboro, New Jersey

Dr. Page is a consultant for BioCentric, Inc. and American Medical Communications, Inc.

GLOSSARY

A1C/HbA1C = glycosylated hemoglobin

ABW = actual bodyweight

BUN = blood urea nitrogen

CKD = chronic kidney disease

Cl = chlorine

CrCl = creatinine clearance

eGFR = estimated glomerular filtration rate

GLP-1 = glucagon-like peptide 1

IBW = ideal bodyweight

mg/dL = milligrams per deciliter

KDIGO = Kidney Disease Improving Global Outcomes

Lbs. = pounds

mg/g = milligrams per gram

mmol/L = micromole per liter

mmHg = millimeters of mercury

MRA = mineralocorticoid receptor agonist

Na = sodium

PaCO₂ = partial pressure of CO₂ in arterial blood

RAS = renin-angiotensin system

SCr = serum creatinine

T2DM = type 2 diabetes mellitus

UACR = urine albumin-creatinine ratio
